

These coronavirus measures will keep you safe during the #FitatLely physical tests in the FIT-bus.

- ✓ When performing the #FitatLely physical tests, we work with a specific protocol that complies with the RIVM guidelines.

- ✓ Our professionals clean their hands with alcohol before the physical test and switch gloves for every new participant.

- ✓ Before a new participant arrives, we clean all appliances with alcohol/cleaning whipes.

- ✓ Every day, we ask our professionals if they are experiencing any health complaints. If they do, they are not allowed to work until the health complaints are over.

- ✓ We clean the entire FIT-bus every 2 hours and at the end of the day.

- ✓ Before visiting our FIT-bus, we contact every participant to check if they are experiencing any health complaints. If they do, they are not allowed to participate.

- ✓ We keep a close eye on reportings from RIVM and adjust our measures according to the latests developments.

- ✓ When entering the FIT-bus, participants must clean their hands with the provided alcohol.

- ✓ Professionals and participants must wear a face mask.

Will we see you in the **FIT-bus**?
